

# QUOTE CAD

## Computer Aided Quotation

QuoteCAD is a powerful software application that gives you the power to price quote your designs and projects from a DWG CAD drawing. Designed to be user friendly and efficient it provides a quote at any stage of your design.

With just a few clicks of the mouse QuoteCAD will allow you to create your product catalog, browse it, and insert your products into your drawings.

As soon as you design it - you quote it!

## Key Points

### CAD Compatibility

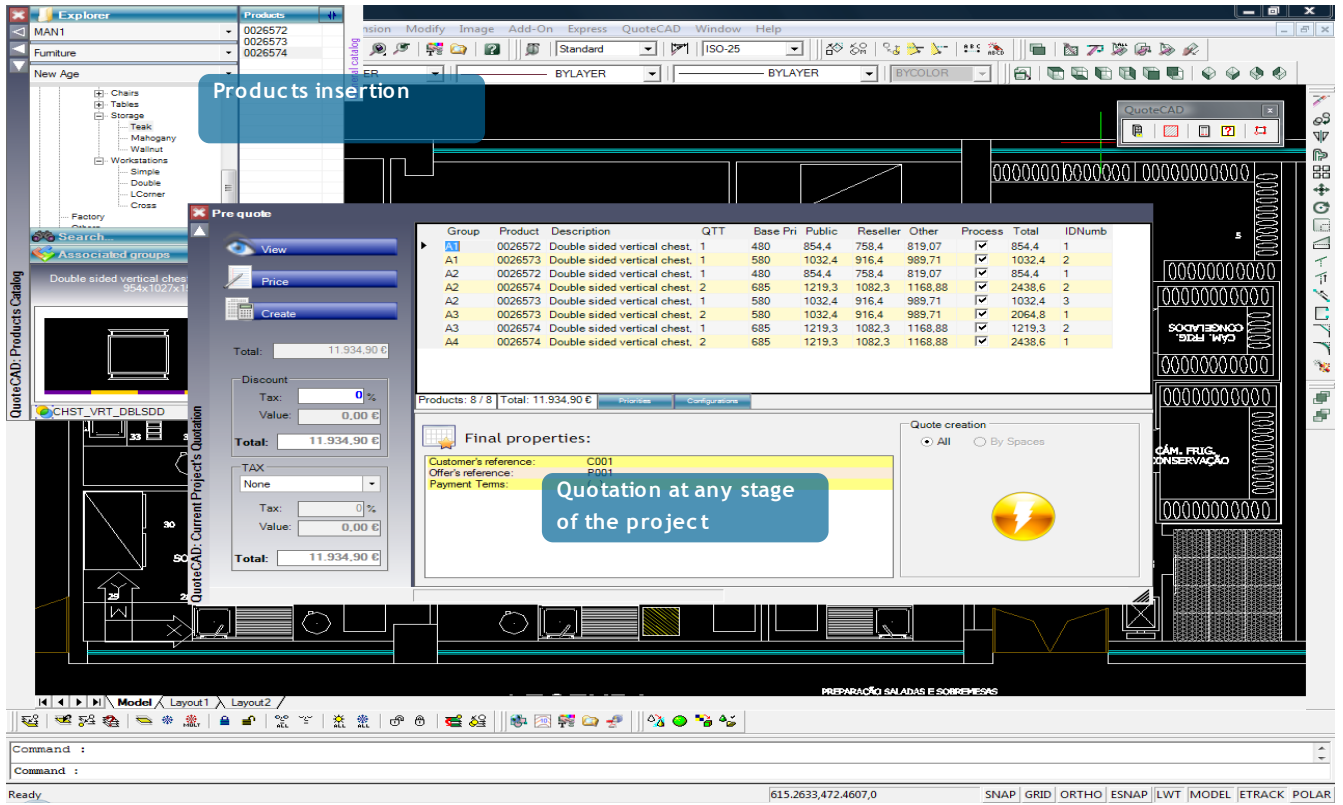

- Products represented by cad blocks or codes
- 2D and 3D Blocks (DWG format)
- Products Catalog with products preview

### Productivity

- Products organized by manufacturers and lines
- Customisable products explorer
- Several types of product insertion in to drawings
- Product assemblies
- Quotation at any stage of your design
- Menu and Toolbar
- Supported by Windows 2000 / XP / VISTA / 7™ OS

### Requirements

- CAD software based on IntelliCAD with VBA support.
- QuoteCAD DB Manager software to create and edit product databases

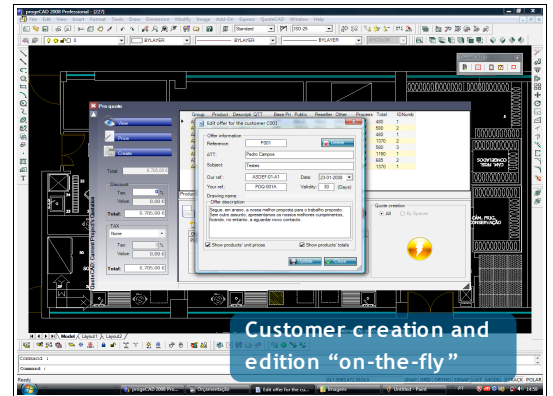

Products insertion

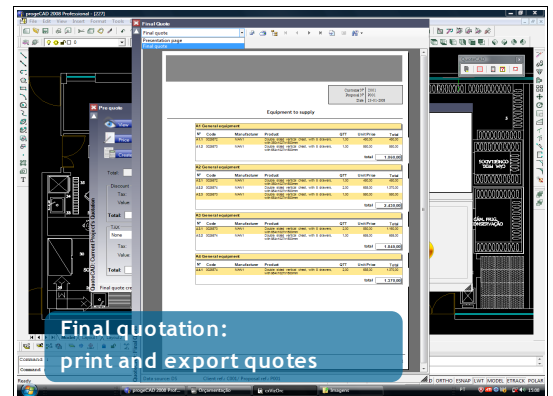

Quotation at any stage of the project
